

Grease Gun

Grease gun for lubricating linear rail blocks.

For linear rail blocks HRC/ARC/ERC, the Lubrication kit GP-PT1/8-01 must be used.

The nozzle supplied with the grease gun is compatible with SBI linear rail blocks.

For 400g volume grease.

General Data

Designation	Pressure	Output Volume	Grease
GG-400	62Mpa	1.0–1.2 c.c/stroke	Suitable for 400g volume grease pack or bulk loading
