

ZK-WCS Wipers

Pair of wipers for CSW/CSWK-sliders. To keep the raceways free of contamination and ensure a longer service life.

For CSW/CSWK-sliders, the wipers are delivered un-assembled and need to be correctly oriented and laterally adjusted to the rail. In cases when a complete system of rail + slider(s) is ordered, wipers are already assembled, oriented, and adjusted to the rail.

General Data

Wiper WCST for T-rail

Wiper WCSU for U-rail

Wiper WCSK for K-rail

Designation	Size	Compatible with
ZK-WCST18	18	T-rail
